Plan The Hewlett-Packard Ltd Retirement Benefits Plan – The HP Section

Member Name:		Date of Birth	
Member Number		Date of Retirement:	

From 6 April 2006 there is no limit on the level of benefits that you can be provided with under a registered pension scheme. However, there is a set level of benefits that you are able to draw from all registered pension schemes in your lifetime, without triggering certain tax charges. This measure is referred to as a Lifetime Allowance (LTA) and is expressed as a capital value set at a particular level for each tax year.

We must check details of all other pension benefits either in payment, or that you may take, up to, and including your retirement date. (Please note this DOES NOT include State Pension and Pension Credit.) You must supply this information before your Plan benefits can be paid. If you do not have the information requested, please obtain it from the administrator/provider of your other pension arrangement(s).

If you have a pension entitlement following death e.g. a spouse or dependant’s pension, these benefits do not count towards your LTA and do not need to be included.

The HP Section benefits cannot be paid until the information requested is provided. All sections of the form must be completed.

I have registered with HMRC for primary protection and/or enhanced protection, or fixed protection, and in the case of enhanced protection, or fixed protection, will remain entitled to it up to and including Date of Retirement shown above. YES / NO*
